The prior art does not teach or suggest (in combination with the other claim limitations) an electrode for electric double layer capacitors comprising an conductive intermediate layer containing synthetic rubber and two or more carbon materials having different particle diameters, the carbon materials having different particle diameters in the conductive intermediate layer are a carbon black and a platelet-like graphite having larger particle diameter than that of the carbon black, and the mixing ratio of the carbon black and platelet-like graphite is 1:3 to 1:2 based on weight ratio (claims 1, 4-10, & 12).

The prior art does not teach or suggest (in combination with the other claim limitations) a method for manufacturing an electrode for electric double layer capacitors comprising an conductive intermediate layer containing synthetic rubber and two or more carbon materials having different particle diameters, the carbon materials having different particle diameters in the conductive intermediate layer are a carbon black and a platelet-like graphite having larger particle diameter than that of the carbon black, and the mixing ratio of the carbon black and platelet-like graphite is 1:3 to 1:2 based on weight ratio (claim 11).

The prior art does not teach or suggest (in combination with the other claim limitations) a conductive adhesive for forming a conductive intermediate layer used in an electrode for electric double layer capacitors comprising containing two or more types of carbon material having different particle diameters, a synthetic rubber, and a dispersion medium, wherein the carbon materials having different particle diameters in the conductive adhesive are a carbon black and a platelet-like graphite, and the mixing ratio of the carbon black and plate-like graphite is 1:3 to 1:2 based on weight ratio (claims 13 &16-19).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
